MassDOT: Bedford/Carlisle – Route 225 Bridge

Overnight bridge closure April 11 and April

BEDFORD – The Massachusetts Department of Transportation (MassDOT) has announced that the Route 225 Bedford Road Bridge over the Concord River in Bedford/Carlisle will be closed to all vehicular traffic between the hours of 8:00 p.m., and 5:00 a.m., on the evenings of Wednesday, April 11, and Thursday, April 12. These traffic impacts are necessary to allow crews and contractors to safely and effectively remove the asphalt wearing surface on the bridge in preparation of installing a new surface.

Additional future overnight closures as well as daytime lane closures will be necessary to allow crews to carry out operations such as concrete deck repairs and installation of the new asphaltic wearing surface. These operations are expected to occur later in April and May and more information will be provided on expected traffic impacts.

The following detour routes will be in place during the overnight hours on April 11 and April 12:

Route 225 Westbound (Carlisle Road)

- All vehicular traffic will be detoured at the intersection of North Road and Carlisle Road onto Route 4 (North Road) northbound.
- Vehicles should continue on Route 4 North Road in Bedford, which then transitions to Chelmsford Road in Bedford, and Nashua Road in Billerica.
- Then turn left onto Treble Cove Road (heading southwest) in Billerica, which becomes Maple Street in Carlisle.
- Then turn left onto Maple Street at the intersection of East Street.
- Then turn left onto Maple Street at the intersection of Brook Street.

- The detour ends at the intersection of Route 225 Bedford Street in Carlisle.

Route 225 Eastbound (Bedford Road)

- All vehicular traffic will be detoured at the intersection of Bedford Road and Maple Street in Carlisle onto Maple Street heading northeast.
- Then turn right onto Maple Street at the intersection of Brook Street.
- Then turn right onto Maple Street at the intersection of East Street.
- Maple Street in Carlisle then transitions to Treble Cove Road in Billerica.
- Then turn right on Route 4 southbound (Nashua Road in Billerica).
- Route 4 Nashua Road in Billerica then transitions to Chelmsford Road in Bedford, and then North Road in Bedford.
- The detour ends at the intersection of Route 225 Carlisle Road in Bedford.

(A map showing the detour routes that will be in place during the overnight hours on April 11 and April 12.)

Signage and messaging will be in place to notify drivers of these detours. MassDOT encourages the public to be mindful of potential traffic impacts. Those traveling through the area should reduce speed and use caution. The schedule for this work is weather dependent and subject to change without notice.

For more information on traffic conditions travelers are encouraged to:

- Dial 511 before heading out onto the roadways and select a route to hear real-time conditions.
- Visit www.mass511.com, a website which provides real-time traffic and incident advisory information, access to traffic

cameras, and allows users to subscribe to text and email alerts for traffic conditions.

- Follow MassDOT on Twitter @MassDOT to receive regular updates on road and traffic conditions
- Download MassDOT's GoTime mobile app and view real-time traffic conditions before setting out on the road.
